Dean
Timothy Christian

Associate
Dean Lewis Klar

THE DEANS' MESSAGE

It is a great pleasure for us to congratulate all of our students who have successfully completed the 1996/97 year of law school and in particular to wish the best of luck to our graduating class. You have finally made it, and you certainly deserve all of the good and exciting things which lie ahead!

The 1996/97 year was an exciting one. Our students displayed impressive leadership and a great commitment to their faculty in what has been an important transitional year. It was the last year of Dean Tim Christian's ten year term, and a time to select a new dean. The students' role in this selection process was pivotal, and in a collegial and professional way, Lewis Klar was chosen to be dean from a field of strong and equally deserving internal candidates.

The students showed commitment to their own legal education and careers by overwhelmingly voting to increase their fees so that a Placement Officer could be hired. This is particularly impressive when one considers the already high debt load which many students are carrying. Carol Lawrence was selected from a strong field of candidates to fill this important function. In addition, the faculty will have a new Associate Dean, Professor Rod Wood, and in our recognition of the importance to the faculty of our alumni and friends, Catherine Miller Dolgoy, a third generation law faculty Miller graduate, was selected to be our new Alumni Relations and fund development Officer.

Campaign 75 came to an end, with the goal of \$3 million far surpassed. This began the construction of new facilities for our future students and the creation of an endowment fund so that important programs, such as mootings, scholarships and bursaries can be guaranteed in the future. Again our 1996/97 students showed their character. They put up with the inconvenience and dislocation caused by construction, knowing full well that the major beneficiaries of Campaign 75 will be those students who will be following them. Thanks!

The class of 97 will primarily be remembered as the important initiators of a great law school tradition, one which will likely become the signature mark of the U. of A. law school - the Law Show. What a happening! A totally professional and glittering spectacle, which quickly has become the "must see" cultural event of the year. Thanks especially to producer, writer, director Steve Blackman, and to all of those who worked tirelessly to pull it off. It brought the whole law school together.

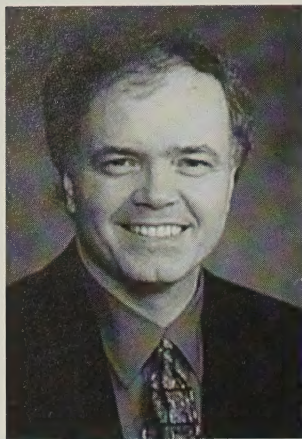

What is our message to you? It is this. Be proud of your accomplishments and of your faculty, as we are proud of you. It is a great faculty with a long history of distinguished alumni. You are an important part of this faculty and will become an important part of its history. We hope we have served you well.

Finally, a reminder to our graduates. Keep in touch. Let us know how things are going. We hope you will look back on these three years as some of the best years of your lives. And to the "puppies" and "beagles" - see you next year.

Editor's Last Word . . .

Wow, I can't believe it! The 1997 Yearbook is finally finished! Being the Editor/Photographer/Copyperson/Layout person has certainly been an interesting experience. I apologize for any errors and/or omissions I may have overlooked.

Special thanks to Lynn Cunningham, David Olsen, Rick Garvin, Gary Shepherdson, Jason Howg, and all those who submitted pictures. Thank you to Stephanie Uhlich and others who assisted with the layout.

On a lighter note: I have come to a full understanding of what "burning the candle at both ends" and "biting off more than you can chew" *really* means. Although I can now say I have thoroughly enjoyed this ordeal, I must admit there were many times when I wished my committee existed of more than me, myself and I. Though the aforementioned members worked well together, there was periodic dissension "among the ranks" as each fought to outdo the other - quorum was rarely achieved. This committee would like to send out a special thanks to Eric Carmen as his hit song "All By Myself" became an anthem, encouraging the members to persevere through the wee small hours of many mornings.

Would the existing committee do this again? Me thinks not, I hopes not and as for myself, forget it!

Seriously, I am thankful to have had the opportunity to labour over this book. The amount of work that went into its completion, pales in comparison to the number of fond memories tucked within its pages.

Natalie Smith
